Standing Policy Committee on Transportation
City of Saskatoon

Re: Saskatoon Freeway Functional Planning Study – Phase 2 Endorsement Request

Dear Committee Members

I am writing to urge the Standing Policy Committee on Transportation vote in favor of **Option 1**, to **not endorse** the Phase 2 Functional Design Report.

The Saskatoon Freeway proposed through the Northeast Swale will cause irreparable devastation to the fragile grasslands, wetlands and wildlife of both Swales. It is essential that City Council is not asked to support an option that would directly harm the Swale ecosystems and the species that live there. This beloved area is unique to our wonderful city! Its importance is exemplified by its potential to be recognized as a National Urban Park. It behooves us as citizens preserve and protect it.

Please vote Option 1 – Do Not Endorse the Study and make such a recommendation to City Council.

Yours truly

Marilyn Wilson
