Comments:

City council members,

I ask that you recognize that the ultimate authority over where, when, or if, this project is completed lies with the province, rather than with the City of Saskatoon. We urge you to call on the Government of Saskatchewan to choose a route for the Saskatoon Freeway that does not intrude on the Swales and to guarantee that the project will be subject to a thorough, impartial Environmental Impact Assessment.

Saskatoon desperately needs other infrastructure before the putting money and resources into such a frivolous project in the middle of the city, where college and circle already give adequate road space for travel. The people of Saskatoon have been begging for better bus and bike lane infrastructure for years, while that infrastructure has been dismantled and allowed to fall short of even past expectations.

Thank you for your time,
Madyson Bryan
