Dear Jay Magus,

**Subject:** Saskatoon Freeway Functional Planning Study Phase 2 Endorsement

The Ministry is pleased to provide you the final draft report for Phase 2 of the Saskatoon Freeway Functional Planning Study. The Ministry has incorporated all feedback into the Final Draft report from the various Technical Working Groups (TWGs) and both the Technical and Steering Committees. We would like to request that you bring this final draft forward to your Council for their review and seek formal endorsement of the Phase 2 report. The draft report may contain sensitive information.

As such the report is issued as a final draft to allow changes or input, from your Council, to be incorporated into the report prior to its approval.

Once you have reviewed the report, please provide an estimated timeline as to when it will appear before Council for discussion and endorsement. I will also offer that the Ministry is willing to attend any council meeting if requested.

At this time I would also like to notify you that Phase 3 has been restarted and that we will be contacting you in the near future.

Thank-you for your continued effort in getting this project completed.

Sincerely,

A handwritten signature in black ink that reads "Sylvia Marshall". The signature is written in a cursive, flowing style.
