Comments:

Dear Committee Members,

I am writing to you today in opposition of the Saskatoon Freeway project.

We are in the middle of a climate crisis, and providing resources to a freeway is not a responsible strategy for the future. We should instead focus on improving the transportation network within the city limits, and mitigating the damage that the climate crisis will be causing to the city and Saskatoon residents in the future.

Additionally, the proposed plan for the freeway would cause harm to the Northeast and Small Swales, and the vulnerable species that live within these areas, and therefore I oppose the freeway. If such a project was to go forward, it should only happen after a thorough environmental assessment, and the route should avoid the 2 swales.

Sincerely,

- Andrea DesRoches
