Comments:

Hello, i am strongly opposed to civic administration and elected officials allowing the provincial government and their contractors to further study the proposed Saskatoon Freeway running through the Northeast and Small Swale. This

natural wetland and grassland corridor should be preserved and not destroyed to accommodate vehicles. Proposing an estimated (in 2015) \$2 billion on a noisy, polluting highway through a wildlife corridor and nature preserve is an idea that demonstrates a problematic lack of environmental, ecological and ethical awareness. If the City of Saskatoon in any way supports this you will be creating a legacy of destruction and gross misuse of tax dollars. Please do not allow further wasteful use of tax dollars. Do not allow the land you are environmental stewards of to become a paved giant freeway. Don't pave paradise. Thank you in advance for not being bullied by the province.
