Comments:

I am very concerned about the environmental and social impacts of this development. There are animal species who call the swale home that are in danger of being lost to us forever. Creating infrastructure that perpetuates our reliance on cars will cost us more in the long run. I would rather my tax dollars not pigeonhole me into spending money on a car which is costly and emits more fossil fuels than other methods of transport.

Will you be submitting a video to be vetted prior to council meeting?: No
