**Comments:**

Dear Committee Members,

We should protect important ecological sites in and around our city from "development." Jamming a freeway through the Swales isn't a good idea. This should be obvious. Promises to reduce the negative impact aren't enough. If this is your vision of progress and if you think this will improve the quality of life in Saskatoon then we aren't on the same team. Nothing wants to live near a freeway. As the snow melts, pay attention to the ditches next to existing freeways.

I am writing with two requests:

1. Please DO NOT to endorse the Functional Planning Study for Phase 2 of the Saskatoon Freeway.
2. Please DO call on the Ministry of Highways to choose a route for the Saskatoon Freeway that does not intrude on the Swales and to guarantee that the project will be subject to a thorough, impartial Environmental Impact Assessment

Sincerely,

B. Dylan Lapointe
