**Comments:**

In regards to the possible changes to zoning regs. In the university area and others. I understand the need to increase densities in urban areas. I'm fine with the motion to increase units to four on the appropriate sized lot but strongly disagree with stacking them up to four stories high. Think about living beside such an abomination. Increasing units two front two in the back fine, but we are losing character in our older neighborhoods. This would be a nail in the coffin.... Walter reisinger
