**What agenda item do you wish to comment on ?:** Cycling safety concerns at the intersection of College Dr. and Wiggins Ave

**Comments:**

To Saskatoon City Council,

It has come to my attention that Councillor Block (Ward 6) has introduced motions to council that would attempt to address cycling safety concerns at the intersection of College Dr. and Wiggins Ave. These motions include:

- \* a third party road safety audit at the intersection
- \* funding for the above audit
- \* an update on the implementation of the Active Transportation Plan
- \* a budget option for an annual Road Safety Audit program

I support these and any future motions that urgently address safety for people riding bikes with a focus on infrastructure for all ages and abilities.

My partner and I sold our second vehicle during the first year of COVID-19 and are firmly committed to more cycling in our lifestyles, despite living in Stonebridge which is not the most convenient place to ride out of.

I cycle from Stonebridge to the Cameco office on 11th St at least twice a week, all weeks of the year. This daily route lets be explore some of the best cycling locations (Diefenbaker Park, Gordie Howe Bridge, path beside Holiday Park golf course), and some of the worst (depending on route: Preston/Circle overpass, Clarence/Circle overpass, and Melville St).

The right time to improve cycling safety is NOW.

Thank you,

Brahm Neufeld
