**Comments:**

I'm writing on behalf of Walking Saskatoon to support Councillor Block's motion regarding the Road Safety Audit of the College/Wiggins intersection and other related traffic safety measures.

We are also writing to express our gratitude to Councillor Block and the councillors who voted for her initial motion to try and expedite the analysis of the College/Wiggins intersection.

At a time when council is staring down double-digit property tax increases, funding endless costly engagement sessions, traffic analyses and speed studies seem even more wasteful when the need for safer road infrastructure has been clearly written in blood at streets across the city.

We encourage council to follow Councillor Block's example on this matter and endeavour to focus more on getting concrete on the ground rather than paper in a filing cabinet. Lives of Saskatoon residents depend on it.
