**Comments:**

We have been members of SOS Elms for several years. Our attention has been drawn to the possibility of closing

the city greenhouses and contracting out of province the production of the plants we see around the city during the summer - in pots and barrels on various streets and boulevards. The local staff have done a magnificent job of this over the years. Our hope is that that will continue with refurbished greenhouses. We have the expertise. Let's keep it. (We do not wish to make a presentation to city council apart from this written comment).

**Will you be submitting a video to be vetted prior to council meeting?: No**
