What meeting do you wish to speak/submit comments ? (if known):: Council June 26

What agenda item do you wish to comment on ?: Cycling safety

Comments:

To Saskatoon City Council,

It has come to my attention that Councillor Block (Ward 6) has introduced motions to council that would attempt to address cycling safety concerns at the intersection of College Dr. and Wiggins Ave. These motions include:

- a third party road safety audit at the intersection
- funding for the above audit
- an update on the implementation of the Active Transportation Plan
- a budget option for an annual Road Safety Audit program

I support these and any future motions that urgently address safety for people riding bikes with a focus on infrastructure for all ages and abilities.

We want our grandchildren to simply hop on their bikes to go grab an ice cream and enjoy the beauty of Saskatoon. We want safely pick up groceries or a library book. And we really want people to be able to commute to work and back safely and conveniently. Our neighbourhood has become more dangerous for cycling over the past few years as more drivers exceed the posted speed limits.

The right time to improve cycling safety is NOW.

Thank you,

Louise Jones
