Comments:

I believe we need to introduce cycling infrastructure to make it safer for all.

Will you be submitting a video to be vetted prior to council meeting?: No

To Saskatoon City Council,

It has come to my attention that Councillor Block (Ward 6) has introduced motions to council that would attempt to address cycling safety concerns at the intersection of College Dr. and Wiggins Ave. These motions include:

- a third party road safety audit at the intersection
- funding for the above audit
- an update on the implementation of the Active Transportation Plan
- a budget option for an annual Road Safety Audit program

I support these and any future motions that urgently address safety for people riding bikes with a focus on infrastructure for all ages and abilities.

I am a frequent cycle commuter myself and typically accumulate 1500 km traveled from my home in Rosewood to my office just outside of downtown, by way of Taylor and Victoria. I truly wish cycling was a safer activity, I have had too many close encounters with vehicles including being hit once at a red light by a vehicle turning right similar to Mrs. Fox. Cycling needs to be safer for all from small children to the elderly.

Regards,
Mason Loy
