**Comments:**

Good day to you.

It's really sad, in this day and age, that people continue to ignore what are now being established as 'best practices' for our environment.

Natural areas, such as the Northeast Swale and the Little Swale should get special attention when being considered

for preservation. It's bad enough that the Province wants to place this monstrous piece of highway right through the middle of land that once destroyed will never be recovered.

It's time that you, as the elected Councillors of this City, made a stand on the side of conservation and preservation.

Do not endorse this proposed Saskatoon Freeway. We'd be better off taking the money that this senseless addition to our infrastructure will waste and use it on fixing our roads around the City and improving opportunities for low income residents.

Sincerely, your elector,

Berold Baijius
