Comments:

Dear Committee Members,

I am writing to you about the decision to place a highway through the Northeast and Small Swales. The Swales are vital for many species found in Saskatoon and a highway through this area would be detrimental to many species who rely on this safe haven.

I am writing you with two requests, as recommended by the Swale Watchers who are experts on the Swale and as a biologist myself:

1. Please DO NOT endorse the Functional Planning Study for Phase 2 of the Saskatoon Freeway.
2. Please DO call on the Ministry of Highways to choose a route for the Saskatoon Freeway that does not intrude on the Swales and to guarantee that the project will be subject to a thorough, impartial Environmental Impact Assessment

Thank you for your time.

Sincerely,
Taya Koob
