Comments:

Please say no to a freeway being built through the swales. Please say no to the phase 2 functional planning study. I like having undeveloped natural spaces to visit within the city. I like being able to find wild life close to home. The swales have been identified as being unique with many species at risk. We should preserve this space and try to protect the survival of other species. The freeway can and should be built elsewhere.

Will you be submitting a video to be vetted prior to council meeting?: No
