What meeting do you wish to speak/submit comments ? (if known):: City Council Agenda – Regular Business Meeting

What agenda item do you wish to comment on ?: 9.2.1 Saskatoon Freeway Planning Study – Phase 2

Comments:

Dear Committee Members,

The Northeast and Small Swales are refuges for nature and for the people of Saskatoon. These ribbons of native grassland and natural wetlands support an astonishing abundance of life, including at least 49 species so rare that they are listed as Species of Conservation Concern. In a time of ever-worsening biodiversity losses, natural areas of this diversity and importance should be protected from development.

Instead, City Council has been asked to endorse a plan, developed by the provincial Ministry of Highways and Infrastructure, that would drive multiple lanes of high-speed traffic through both Swales. The damage and degradation this development would cause is well documented.

I am writing with two requests:

1. Please DO NOT to endorse the Functional Planning Study for Phase 2 of the Saskatoon Freeway.
2. Please DO call on the Ministry of Highways to choose a route for the Saskatoon Freeway that does not intrude on the Swales and to guarantee that the project will be subject to a thorough, impartial Environmental Impact Assessment.

Just, sustainable stewardship of the environment is incumbent upon all of us both in its own right and as a key element of reconciliation. As a city that prides itself on making progress in the area of reconciliation with the Indigenous people on whose land we live, it is crucial to respect the land. The current suggested route for the freeway does not uphold this important value.

Sincerely,
Tannara Yelland
