Comments:

I recently received a notice from City of Saskatoon that the recommendations from the Safety Audit at Wiggins and College will be coming before City Council on Tuesday, April 2nd. The third party who conducted the Audit made 14 recommendations. After reading the recommendations carefully I am hugely disappointed and angry to see that ONLY the recommendations considering cycling infrastructure (#8-10) will NOT come before City Council for consideration. There are 4 recommendations related to cycling safety. The Transportation Committee has decided that only one will come before City Council. I find it atrocious that a safety motion prompted by the death of a cyclist has decided to consider all the recommendations except the cycling safety ones! Please communicate strongly and clearly to all citizens of Saskatoon what this Council actually plans to do (not just plan, or add to a buried list somewhere, or trot out whenever a cyclist is killed) to improve cycling safety.
