Comments:

To Saskatoon City Council,

I strongly encourage the city to work on implementing recommendations number 8, 9 and 10 that are presented in the Road Safety Audit at College Drive and Wiggins Ave.

While I do not travel through this intersection very often I do have difficulty at other intersections with drivers honking at me to get out of their way. I have started to "take the lane" more often after Natasha's death. I want to be more visible, sometimes this means drivers cannot turn right while I'm waiting for the light to turn green and go straight through the intersection. Since I have started doing this I have been honked at three times and yelled at to get out of the way so they can turn right on red. This city needs more awareness of cyclists and their right to share the road and not fear for their lives like many of us do every day of the year.

Please help make this city safer for cyclists in 2024

Thank you
Erin Edwards
