Comments:

As a lifetime citizen of this beautiful city I has always longed for a safer way to get from place to place, cycling is a great enjoyable method and I will support Saskatoon Cycling recommendation of I support Option 2A – Widen to the West.

I feel that pedestrian actuated signals and a separated shared-use path are great features that will enhance this area of the city and make it much safer for pedestrians and cyclists.

I support Option 2A – Widen to the West.
