Comments:

To the Standing Policy Committee on Transportation,

I am writing to support the Administration's recommendations regarding improvements at the intersection of 2nd and 3rd Avenue (7.1.1) to improve safety for cyclists and pedestrians and Rapid Deployment measures to improve bike

riding safety along Munroe Avenue (7.1.2).

The recommendations being considered will enhance the social fabric of these two neighborhoods by providing easier, safer access to connecting bikeways and neighbourhood services and institutions. They will also benefit the health and well-being of individuals and families who may now choose to bike or walk rather than drive to their destinations because they can now access safer routes.

Every step the City of Saskatoon can make toward expanding a baseline network of safer routes, where people can get around more safely, is a good step.

I urge you to support these items and forward them to your colleagues at city council for further discussion.

Thank you for your consideration.
