What meeting do you wish to speak/submit comments ? (if known):: City Council Agenda – Regular Business Meeting

What agenda item do you wish to comment on?: 10.1.1

Comments:

Dear Council,

The Northeast and Small Swales are refuges for nature and for the people of Saskatoon. These ribbons of native grassland and natural wetlands support an astonishing abundance of life, including at least 49 species so rare that they are listed as Species of Conservation Concern. In a time of ever worsening biodiversity losses, natural areas of this diversity and importance should be protected from development.

Instead, City Council has been asked to endorse a plan, developed by the provincial Ministry of Highways and Infrastructure, that would drive multiple lanes of high-speed traffic through both Swales. The damage and degradation this development would cause is well documented.

I am writing with two requests that Council:

1. Vote NO to the Phase 2 Proposed Saskatoon Freeway alignment through the Northeast and Small Swales.
2. Live up to their commitment to protecting these natural areas.

Further, outside of the obvious environmental concerns, further work should have explicit cost estimates, this is millions, likely billions of dollars of infrastructure that would be of little benefit to the residents of the city, and we should know the costs and the source of funding before any decision like this is made.

Sincerely,
Pedro Santander Ciminieri
