Comments:

I urge you to accept the recommendations of the Standing Policy Committee on Transportation regarding Opportunities for Rapid Deployment of Safety Improvements on Active Transportation Routes regarding a Neighbourhood Bikeway on Munroe Ave including the recommendation for Option 2, which would implement a Neighbourhood Bikeway using Rapid Deployment on Route 6 (Munroe Avenue to 14th) as early as next year, with additional sections to follow as funding is approved. This first step in a bikeway connecting Stonebridge to College Drive is badly needed to provide a safe north-south cycling corridor in the area of the city. Being able to safely cycle in this area is critical in preventing further cycling fatalities such as those we saw in 2023.
