Comments:

Council,

The city is on a roll.

A very successful BYXE Week just ended, the BYXE Street Team is out in the community promoting cycling safety and awareness, and better infrastructure connecting more neighborhoods is being presented at an impressive pace. The idea that a liveable city, where people of all ages and abilities, using ALL modes of transportation, can safely traverse our city, seems to be settling in and making a nice home in our collective imagination.

Please keep the momentum going. Two important measures are in front of you today:

For Connecting 2nd Avenue/3rd Avenue: Walking, Cycling, and Driving Improvements, I am asking you to support Option 2A – Widen to the West.

For Opportunities for Rapid Deployment of Safety Improvements on Active Transportation Route, I am asking you to support Option 2: Implement a Neighbourhood Bikeway using Rapid Deployment on Route 6.

Both measures will improve safety and access for more modes of travel and seamlessly enhance existing city plans. I want more of this kind of purposeful city-building done, and faster, but I'll take every small step we can make now. This is the stuff that makes living in a city worth doing.

Thank you,

Jason Hanson
