Comments:
Dear Mayor and Councillors,

I am writing today in support of Saskatoon's HAF initiatives, which include supporting the zoning changes of 4 units per lot and 4-storeys within 800m of transit.
These changes will benefit future and current residents by encouraging missing middle housing, supporting future growth in the transit development areas, and providing housing options that will benefit Saskatoon for generations to come.
I encourage you to approve the zoning amendments as outlined in the Housing Accelerator Fund.

These housing units will benefit those who are experiencing a lot of financial distress due to the high cost of housing. People in my age group, under 35, really need help affording houses and we need city council to listen to our needs.

Sincerely, Ben Sutherland.
