Comments:

I'm concerned about the city's reluctance to invest in infrastructure in my neighbourhood that would allow for community members to take part in recreational activities. My family's ability to enjoy the city's leisure centres has been decreased due to accessibility, and I know many of my neighbours are feeling the same impacts.

I'm especially concerned with this new proposal to adjust zoning bylaws that would allow for greater population density in this same neighbourhood. I cannot wrap my head around the idea of reducing amenities and increasing the population.

The local leisure centre has been a benefit for my family: swimming lessons, fitness opportunities, a place to gather with and connect with community members.

I encourage council to increase the budget of this project so that it can be completed sooner than later because we've been patiently waiting a while already.
