June 8 2024

Dear Mayor and Council,

I am writing today to support the Proposed Median Opening – McKercher Drive and Duncan Crescent (South).

I am unable to attend the June 26 scheduled meeting on this topic so I will instead offer my support in writing.

I support Council's work to make our roads safer. Pedestrians and bicyclists face significant risks from traffic. Steps can and are being taken to make roads safer for them, including installing lights at the intersection of McKercher and Degeer.

Safety improvements always have spill-over side effects. In this case those planned traffic lights will make traffic routes for residents on Duncan Cr. significantly longer and more convoluted than they are currently, including diverting vehicle traffic destined for Duncan Crescent onto Mount Alison. As a resident of Duncan Crescent, I fully support the proposed median opening as a reasonable way to reduce the negative side-effects of installing traffic lights while still making roads safer.

Sincerely,

█
