**Comments:**

Have spoken at MPC on this topic. Saskatoon Heritage Society is asking to be a partner in this process. We have helped in the recent past with inventorying for College Drive. We think we can offer some heritage perspective and assistance in helping with inventories; so we can better nuance the boundaries of the neighbourhoods affected by the proposed areas to better reflect the heritage character of the neighbourhoods that will be affected by this program. There is a balance. Flexing the broad program to better reflect the local character will have the best mutual outcomes. Meeting the needs of housing developments and related new and respecting and honouring housing developments and related currently and historical ly. We can find a thoughtful balance instead of using a blunt instrument to a city that has very wonderful quilt of neighbourhoods from all eras.
