Comments:

Using the Housing Accelerator Fund (HAF), it will significantly benefit Saskatoon by addressing its pressing housing challenges while aligning with sustainable urban development goals. By focusing on legalizing housing along major corridors and within 800 meters of bus rapid transit stops, the HAF can promote efficient land use and enhance accessibility to public transportation. This approach not only encourages densification but also supports economic vibrancy and reduces urban sprawl. By accelerating housing developments in these strategic locations, Saskatoon can foster a more inclusive and sustainable community, providing residents with improved access to amenities and reducing commuting times and carbon emissions.
