What agenda item do you wish to comment on ?: Federal Housing Accelerator

Comments:

I recently learned that the City is proposing changes to zoning bylaws that would allow:

- up to Four-units of housing on any 50ft residential property city-wide
- up to Four-story housing in areas close to Transit corridors across the city
- up to Six-story housing on Transit Corridors and near transit stations

I understand that these changes are being proposed in order to:

- speed up the creation of more housing units
 - make it possible to create more housing in existing neighborhoods
 - make sure Saskatoon qualifies for the Federal Housing Accelerator MOST IMPORTANTLY!! Funds that the City will use to help get more affordable housing units built, hopefully not only in the inner city.
- I support the proposed changes and ask that City Council vote in favor of them on June 27. These changes will help combat the housing crisis in our community and make it easier for families and neighbors to find better, more affordable housing.

Combatting the housing crisis is important to me because: When a person is out of crisis mode of being houseless they can begin to heal and to work on being a more capable contributor to a healthier society regardless of race or economic standing or any other barrier.
