Comments:

I am writing to express my support for the zoning changes needed for access to the HAF. I live in Caswell Hill and my home is located 1 block from 33rd and a few blocks from Idylwlyd, so have the potential to have new denser developments within a very short distance from my home. In order to reduce the cost of city infrastructure, we need these zoning changes. We also need them to be a more environmentally sustainable and walkable city. I welcome small apartment buildings in my neighbourhood and look forward to the increased density in my neighbourhood. I do not believe this will change the character of the neighbourhoods to a significant extent, and I strongly believe that this is a critical and positive step for our city.
