**Comments:**

Dear City Council,

I would like to provide my support for the changes to zoning bylaws that would allow up to Four-units of housing on

any 50ft residential property city-wide, up to Four-storey housing in areas close to Transit corridors across the city and up to Six-storey housing on Transit Corridors and near transit stations

It is my understanding that the purpose of these changes are to increase the rate at which housing units are available to citizens as well as qualify for the housing accelerator fund. I support the proposed changes and ask that City Council vote in favour of them on June 27.

Having a denser population and combating the housing crisis is important to me as it will help my children be able to live in this city when they are old enough to purchase a home as well as have a walkable city with a healthier and happier population.
