Comments:

I believe I Sent my comments earlier but I have not received confirmation of receipt.

I implore you to reject the proposals. They simply are an attempt to placate the Federal Government for its failure along with the Provincial Government to fail the provision of funding and programming for affordable housing which had existed several decades ago and by doing do down load the problem undeservedly to municipalities. Zoning is not the problem.

Also, don't play with the parking requirements as laid out by those who responded earlier to your parking survey.

Will you be submitting a video to be vetted prior to council meeting?: No
