Comments:

I am a registered social worker in private practice. I live by St. Paul's Hospital. I see people sleeping on the streets and dying on the streets. People sleeping inside by the bank machines or any place they can find some warmth on the cold nights, especially in the winter. People freezing to death. No affordable housing is in crises state. We need to work together for solutions towards the housing crises that impacts on all of us! I would like to say a few words to address this issue. Thank you. Dory Cook
