Comments:

Affordable housing is crucial to Saskatoon. Currently many are homeless or struggling to pay rent. Many indigenous and low income families are disproportionately affected far worse from the lack of affordable housing in Saskatoon. Students also suffer high housing costs due to housing shortages in strategic areas. This housing plan would help the housing crisis and the affordability is essential to help those with lower income. We need this as otherwise the future will only get worse without this change. The housing in strategic areas would really help benefit low income families and indigenous. It would also allow more use of our existing transit infrastructure. We also need to prevent urban sprawl. This funding is important as we need to create affordable homes in Saskatoon.
