Message:

Mayor Clark and Council.

I am fully vaccinated and am having a hard time believing the restrictions on private gatherings that you are trying to pass. This is not your call to make. Gathering restrictions should be left to the Province. This is so far out of line. I am hoping that the majority of the Council members will change their minds and back away from this. This will not make more people get vaccinated it just punishes those of us that have been. In fact if this goes through I think that you will see people refuse any further vaccinations and I will be one of them.
