**I live outside of Saskatoon:** No

**Saskatoon Address and Ward:**

**Address:** [REDACTED] Kirk Crescent

**Ward:** Ward 8

**What do you wish to do ?:** Submit Comments

**What meeting do you wish to speak/submit comments ? (if known)::** Public hearing July 31

**What agenda item do you wish to comment on ?:** minimum off street parking

**Comments:**

Please vote to REJECT amendment to remove minimum off street parking requirements city wide. A google search tells me that in 2019 there was an average of 1.57 vehicles per household in Canada. If you do not require builders to provide off street parking you are going to have these vehicles parking on the streets adding to congestion and interfering with your bike lanes and rapid transit systems, not to mention preventing visitors, elderly, and disabled people from finding parking spots. In Saskatchewan people need to have vehicles because of long distances needed to travel and cold weather. These vehicles need to be plugged in in winter and thus need a designated parking stall. If you want people to invest in electric vehicles then these electric vehicles will need to be plugged in most days. I could say more but it is 4:54 PM on the Monday of your deadline. By the way, why do you schedule these important public hearings just before long weekends??

**Will you be submitting a video to be vetted prior to council meeting?: No**
