Comments:

I am opposed to the removal of the Municipal reserve designation from the park land including 1635 McKercher Avenue for the purpose of selling the land and allowing the building of affordable housing.

This land currently is a beautiful green space and is used by the public for recreation and relaxation and is the location of a Community garden since 2013.

A great deal of time, energy and hard work has gone into making this a lovely garden for 55-60 gardeners and will be sorely missed if removed. We are opposed because we already have a high population density in this area. An affordable housing development will only increase the population and decrease the safety and security of the existing residents. We do not want to lose trees and the green area. An apartment block at this corner will be incongruous and will destroy the harmony and view of the entire park.
