**Comments:**

Green space has a HUGE impact on our environment as well as our neighborhood. As stewards, we must PROTECT rather than RAPE it.

Green space is needed to absorb rainwater promoting growth and flooding, provides home for birds, animals and vegetation, as well as an opportunity for peace and solitude in the numerous trails and garden plots. Rezoning this space and covering it with 11-story high-rise would be a travesty. This ward already consists of numerous high-density buildings (at least 16) this small space in question comprised of apartments, low rentals, as well as condo developments.

I am disparaged to consider our Council participating in an act of raping and pillaging this green space to destroy what prior councils and long-standing residents have long cherished.

NO! NO! NO!
