Subject (required)

Removal of municipal reserve designation

Message (required)

I am opposed to the removal of the municipal reserve designation from 1635 McKercher Drive in order to offer the land for sale.

This land designated as a municipal reserves protects the land around the Lakeview Community Centre from being expropriated and sold to increase population density, to remove trees, and reduce green space available for community socializing for present and future generations. Our city councillors have worked diligently to protect and maintain an environment that is known for beauty, safety and environmental green spaces. Do not remove the protection from our established municipal reserve areas.
