To whom it may concern,

I'm choosing to submit comments to the appeal hearing, reference: development permit denial -appeal number 8-2025. Site: 257 Campion Crescent.

The .07 meter/about 2 inch concern, is irrelevant. It does not cause any infringement on anyone's property and as far as I'm concerned, it is a non-issue.

I'm grateful that my neighbour decided to create a suite and supply our city with affordable housing, which is very lacking.

I live directly across the street from this property that is well maintained and does not negatively affect my property value which I can't say about many of the properties surrounding my lot.

I think my tax dollars would be better spent on more concerning issues like the upkeep of yards that cause lower property value and fire hazards.

Sincerely,  
Shannon Blais
