Reference: Development Permit Denial - Appeal No. 8-2025
Site: 257 Campion Crescent
Proposal: Addition to Conversion to One Unit Dwelling with Secondary Suite

I am the registered owner of the property to the [REDACTED] side of the proposed side yard of the 257 Campion Crescent Secondary Suite Conversion. Based on the Development Appeals Board information delivered to me there is a deficiency of 0.07 metres from the property line.

The Secondary Suite referred to has outside sensor lighting, a private entrance off the lane, and a window on the East side angled toward the lane. This original and practical self-contained suite is well integrated with its location optimizing space and setting while providing a quality unit for additional housing.

The 0.07 metre deficiency appears minor to me in this situation. I appreciate the opportunity to provide information.
