Reason for development appeal

The reason for this appeal against the Order to Remedy Contravention dated March 12th, 2025, concerning the addition to a backyard side fence exceeding two meters in height, is to request an extension of the deadline of April 30th, 2025.

Currently, and presumably, for some time to come, the area is under a few feet of frozen snow, making the work impossible. Given the likelihood of inclement weather in March and April, this reduces the window to complete the work.

Since my wife and I are both seniors (I am 89), we are reliant on a contractor to do the necessary amendment, and no fencing contractor that we contacted, will give a firm commitment to have the work completed by the deadline, and thereby avoid a penalty.
