Attached is screenshots from sean feucht's Instagram and a reel from the let us worship

On his Instagram story he posted a story where he called all lgbtqia2s+ people perversions and aimed it directly at the protestors. In this photo myself and 2 of my friends are to the right, I a 2 spirit indigiqueer am the person in the middle of the 3 so called "perversions".

I am a human being period the only perversion here is the sean feuchts perversion of scripture.

The other image is a video he took of an old family friend of mine praying for the safety and wellbeing of my friend and I in a community that has shown us that we are not safe to be our authentic selves, he then perverted the actual content of the video to be used as propaganda.

She was worried about our safety, well being, and emotional health while under attack by people like feucht, she asked our permission to pray for our safety and wellbeing, and we allowed it.

We dont have a problem with christians and the christian faith. The problem lies with fake Christians sacrilegously spreading their hate in the name of spreading their love with caveats.

This event is hurtful to have occurred and i am thankful I brought my service dogs so that my ESA could provide the RIGHT kind of love, compassion, and comfort to those that needed it.
