Comments:

On behalf of Walking Saskatoon, we can support any of the options for this section of Victoria Avenue, as they all will provide much-needed sidewalk infill.

We will support Administration in choosing Option 1. While it does come with sacrifices for residential parking, the tradeoff for a loss of free car storage on public land is improved safety and function of active transportation.

Given the previously-approved design for one-way bike lanes on both sides of Victoria on the section from 8th to Taylor, it would be reasonable to continue the design down to Ruth.

Will you be submitting a video to be vetted prior to council meeting?: No
