Community Engagement Summary
Proposed Discretionary Use – Tavern
616 10th Street East

Project Description

A public information meeting was held regarding a proposed tavern located at 616 10th Street East. The meeting provided property owners in Nutana, specifically those within 75 metres of the subject site, the opportunity to learn more about the proposed development and the discretionary use process, and to have the opportunity to comment on the proposal and ask any questions that they may have.

A public information meeting was held at Victoria School on March 21, 2017, at 7 p.m.

Community Engagement Strategy

Notices to property owners within a 75 metre radius of the subject site were sent out on February 27, 2017. Notices were also sent to the Nutana Community Association, the Broadway Business Improvement District, the Ward Councillor, and the Community Consultant.

The purpose of the meeting was to inform, and consult with, the nearby residents and commercial business owners. Interested or concerned individuals were provided with an opportunity to learn more about the proposal and to provide perspective and comments for consideration.

The public information meeting provided an opportunity to listen to a presentation by the applicant and create a dialogue between the applicant and nearby community members. City of Saskatoon staff were also available to answer questions regarding the discretionary use process and general zoning regulations.

Summary of Community Engagement Feedback

The meeting was not attended by any members of the public.

Next Steps

All feedback from the public notification process will be summarized and presented as part of the report to the Municipal Planning Commission (MPC) and City Council.
Once this application has been considered by the MPC, a date for a public hearing will be set, and notices will be sent to property owners within 75 metres of the subject site, to the Broadway Business Improvement District, and the Nutana Community Association. Notification posters will also be placed on the subject site. No other public engagement is planned.
