Comments:

On behalf of the Saskatchewan Environmental Advisory Committee, I request to address City Council regarding the consent item on the Council's next agenda regarding the proposed delays to the creation of Recovery Park at the City of Saskatoon landfill site.

SEAC is a proponent of this project (and the City's strategic waste priorities and goals), and do not agree with plans to delay this project. We urge City Council to come up with the funding needed to ensure that the Recovery Park project begins construction in 2018.
