

STANDING POLICY COMMITTEE ON ENVIRONMENT, UTILITIES & CORPORATE SERVICES

Landfill Airspace Value

Recommendation of the Committee

1. That the landfill airspace valuation be used in the development of future waste rates and funding plans; and
2. That additional funding requirements be included in the calculation of a user fee associated with a potential Unified Waste Utility.

History

At the May 14, 2018, Standing Policy Committee on Environment, Utilities & Corporate Services meeting, a report from the Transportation & Utilities Department was considered regarding the above matter.
