

Proposed Bus Rapid Transit on Broadway Ave. Saskatoon

We, the undersigned concerned business owners, Broadway area residents and B.I.D. protest the proposed Bus Rapid Transit Corridor being routed down Broadway Avenue and propose a viable alternative route be considered. A route down 1st Ave. across the Sid Buckwold bridge to 8th St. would be rapid and there could be a stop on 8th and Broadway Ave.

We very strongly feel it will negatively impact the heritage ambiance, walkability and pedestrian safety cultivated in the neighbourhood. We feel it will also increase noise pollution, reduce street parking for our customers and impact the safety of the children of the several schools in the immediate area.
