Comments: I have concerns about the pay for trash by weight garbage pickup.i feel it won't work as people could put their garbage in your bin and you will be charged for it.people will be challenging the bill. Saying I didn't put that much garbage in .and I can say that will happen.i do not need another item on my utility bill .my budget is stretched already.i recycle lots by recycling at sarcan .I don't use the blue bin I have to pay for .I don't feel this will work .
